

Power & Responsibility Summit

We look forward to welcoming you to DigitalAgenda's Power & Responsibility Summit on Thursday 4 October 2018 at the British Library Knowledge Centre. The summit is run in partnership with BCS, with additional support from Edelman.

DigitalAgenda's Power & Responsibility summit debates regulation, trust and the unintended consequences of the digital age. And it explores the technology response to the challenges before us, including tech-for-good solutions to some of the problems that have come with tech innovation.

Interactivity using SLI.DO: On the day we will be using the Sli.do platform for you to submit your questions. The platform is now open. Go to <https://www.sli.do/> and enter event code: **#PRS18**

Summit speaker biographies are located [here](#).

Two days before summit event we will be circulating our draft discussion paper on some of the topics being discussed. The paper will contain 10 challenges we face and 10 ideas for change. We will be opening up the paper for your thoughts - so look out for the link to that shortly!

Summit logistics
